

A photograph of a COVILAR 450V 50Hz 100VA power transformer. The transformer is a small, cylindrical component with a white label. The label features the COVILAR logo, technical specifications (450V, 50Hz, 100VA), and safety markings (CE, a triangle with a circle, and a triangle with a dot). It also includes the text "Made in Italy" and a serial number "201283". A black cable is attached to the top of the transformer, and two blue wires are visible at the bottom.
